FEEDBACK OF FACULTY ON CURRICULUM- TRANSACTIONS AND DELIVERY METHODS (2017-18)

The college have five Undergraduate and one Post graduate course. Being affiliated to the University of Kerala the college follows the syllabus and academic timetable as stipulated by the University. The college had made use of the distinctive curriculum transactions methods to bring about innovativeness in teaching and learning practices. Department Level Monitoring Committee regularly conducts Academic Audits and remedial measures are also taken up to correct possible shortcomings in the curricular transactions. College Level Monitoring Committee effectively streamlines the continuous internal evaluation by organising internal examinations in a phased manner, due care is also taken to ensure that enough time is provided for getting feedback from the students and to address the grievances in relation to the Continuous Internal Evaluation.

The feedback on curriculum were collected from all the stakeholders and were analysed presented before the college council for discussing about the further course of action. The feedback collected from the students on the curriculum was on a five point scale on which they were asked to assess :

- ✓ the suitability and relevancy of the programme
- ✓ knowledge ,skills and capabilities learned
- ✓ timely completion of courses
- ✓ integration of ICT in teaching and learning
- ✓ knowledge updates by faculty
- ✓ participation in curricular,co-curricular and extracurricular
- ✓ opportunities for entry into higher education
- ✓ improvement in employment prospects
- ✓ library and other e-learning facilities
- ✓ academic atmosphere of the college

ACTION TAKEN REPORT

The analysis of the feedback indicated that faculty were very confident of the course content, timely delivery and completion. The most important apprehension raised by the faculty was about employment prospects and entry of students into higher education.

- Organisation of more career guidance along with regular studies
- Making the placement cell more active in finding job opportunities
- Increase exposure of students to e-resources
- Provide more workshop to the faculty for updating themselves

ACTION TAKEN REPORT

The analysis of alumni, parents and employers indicates that the career prospects of the students have to be given high priority in college campus also

- Provide internships and on the job training within curriculum
- Career guidance centres have to be made more active
- Alumni support to be sought for increasing linkages
- Employers to be invited to the campus for talks
